Aspen Run is a family-centered band located in Westminster Maryland. The band plays hard driving, upbeat and lively bluegrass music to listeners in Maryland, Pennsylvania, Virginia and Delaware. Aspen Run draws musical influence from many prominent bluegrass bands and artists such as Jimmy Martin, The Stanley Brothers, Bill Monroe, Flatt & Scruggs, The Johnson Mountain Boys, The Del McCoury Band, Dan Paisley and the Southerngrass. The three youngest members of the band, the Martin brothers started playing their first instruments in April of 2005. They have an incredible instinct for drive and timing which gives the band a distinct hard driving sound. After playing only one year they placed third in the Deer Creek Fiddlers Convention, then coming back to place second the following two years and finally placing first the fourth year. Two of the brothers felt especially honored when they were asked to play several shows with Danny Paisley and the Southern Grass and Kody Norris and the Watauga Mountain Boys.
