APRIL BOOK CLUB

April 30 @ 10 AM

Authors June Hayward and Athena Liu were supposed to be twin rising stars in the world of literary fiction. But Athena's a literary darling. June Hayward is literally nobody. Who wants stories about basic white girls, June thinks. So when June witnesses Athena's death in a freak accident, she acts on impulse: she steals Athena's just-finished masterpiece, an experimental novel about the unsung contributions of Chinese laborers during World War I. But June can't get away from Athena's shadow, and emerging evidence threatens to bring June's (stolen) success down around her. As June races to protect her secret, she discovers exactly how far she will go to keep what she thinks she deserves.
